Society Hosts AKCHO Meeting Mar. 28

The Association of King County Historic Organizations will hold their March meeting on Queen Anne hill. Our Society will act as hosts for this monthly meeting, which will be at the Masonic Center at 1608 4th Ave N. starting at 9:30am. The program will feature the city and county's sesquicentennial next year. The public is invited—Free.

Saving Kinnear Park

A Landslide Mitigation Project for historic Kinnear Park has begun. A public meeting on February 23rd at the Queen Anne Community Center reviewed landslide causes and potential mitigation solutions. Plans for improving the stability of the steep slopes on the southwest side of Kinnear Park were discussed. These include removal of trees on the slopes, alternate plantings, and even major engineering structures. Proposed plans can be examined at the Queen Anne Library, 4th Ave. W. and W. Garfield. For information contact the city's Eleanor Mason at 206-684-7054.

Viewpointe Hears from QAHS

Board member Isabel Egglin recently talked with Lynn Dicuss, Director of The Viewpointe retirement center on Aurora Ave. N., and arranged for Society members John Hennes and Bob Frazier to speak to their residents. On Monday, Feb. 21 John and Bob presented pictures and

words to a crowd of about 40, outlining Seattle's origins and how Queen Anne developed. On Monday, Feb. 28 Bob drove many of the same audience on a bus tour of Queen Anne to see some of the historic sites we have. Perhaps you would like to join in these Society outreach activities and help on future tours. Call John Hennes at 206-284-2266.

Bill Heathman Retires

Bill Heathman, the Marketing Director of Bayview Manor for the last eleven years, has retired from that organization for some sunny travelling with his wife, Ruth. For all those years Bill has been our main contact at Bayview and has been enormously helpful to the Society. He has helped find space for our archive and our office, has helped us make reservations for our board meetings, and has let us use certain office equipment. At all times he was cheerily public minded and very helpful to the Society.

Bill's other activities have included the board of the Elliott Bay Rotary Club, past-president of the West Seattle Rotary, several years with the YMCA, several years on the board of the Queen Anne Chamber of Commerce, and interim president of that Chamber. He has also worked a great deal with students in Queen Anne schools.

At Bill's jolly retirement party on January 28, Bob Frazier spoke in gratitude for all the help that Bill has given us over the years and presented to him a certificate prepared by Del Loder. Also present were Society board members Del Loder, Nadine Belcher and Isabel Egglin. On behalf of the Queen Anne Historical Society we were happy to honor Bill. He has been a great giver to the Queen Anne Community.

Yes, I want to join the Queen Anne Historical Society in preserving our community's heritage and promoting the public's understanding of its past.

The March 2000 Program Looks at 90 Years of Scouting!

THE PRESIDENT'S CORNER BY KIM TURNER

March is about to spring on Seattle, and we have yet to experience our 'bad' winter. This reminds me of the many great winters of snow in Seattle's past which I've experienced. Blizzards and icy conditions from the mid-1940s onward remind me that winter's like this one are to be cherished.

As a small child, snows of 1946, 1949 and the incredible blizzard of 1950 left me with a distaste for snow that gets beyond the confines of lawns and shrubbery, trees and rockeries; icicles suspended above one's head which looked poised to drop on the unwary, sheets of ice that slid down the hillside all the way to the level street below (this at the house at the foot of the stairs, 910 Third Ave. North) and cold which cut through the heaviest clothing - this I remember too well.

The November freeze of 1955 hit unexpectedly and stayed longer than we were used to. I had to walk all the way from the Hill to downtown to a dentist's appointment; and no buses or trolleys were running to get home, by which time it was dark and bitter cold. That was the year I understood the

phrase about cold cutting like a sharp knife. Not until 1990 did I experience that same, bone-chilling cold. But Seattle snows never kept a sense of timing. In May of 1972, the snow fell swiftly and and heavily, covered everything in sight, and 24 hours later was gone as if it had only been a dream.

Send us your memories of winters and snows in Seattle.

Cordially, President Turner
